MOBILE GRILLS

—

Five sizes designed to fit your club-house, restaurant, patio and practically everywhere in between.

IT'S NOT A GRILL. IT'S A STAGE.

ARRIVES ASSEMBLED
Every Crown Verity grill arrives at your door fully assembled. Simply unpack your grill, connect it to either gas or propane and start grilling.

POWER & EFFICIENCY
Independent 15,000 BTU stainless steel burners allow the grill to reach full cooking temperature in less than six minutes. Plus the heat recovery while cooking will amaze you!

QUALITY MATERIALS
Crown Verity grills are built to withstand the harshest environments. Every grill is constructed from the highest quality materials and features 18-gauge 304 stainless steel with a #4 finish, meaning your investment is truly built to last.

PRECISION & CONTROL
Igniting the manual lighter tube acts as a pilot light, allowing you to turn burners on/off instantly. Get precise heat when and where you need it.

MAXIMUM MOBILITY
Large, heavy-duty wheels and lockable casters make moving your Crown Verity a breeze. Tapered legs and welded body construction ensure maximum strength and durability.

ACCESSORIZE WITH EASE
Every Crown Verity grill is built ready to accept our full line of accessories. Add popular components like shelves, rotisseries and griddles at any time.
