PowerKut PotatoKutter

Enjoy incredible specialty menu item profits
that are simply electric.

MANUFACTURED IN THE

USA

Cash In on Your Chips!

Garnish Cut

Turn an incredible profit with Nemco's versatile PowerKut PotatoKutter, capable of quickly and efficiently turning any wholesome, inexpensive fresh spud into one of four different specialty fried potato menu items.

One Machine, So Many Options

Keeping up with the specialty fried potato evolution, Nemco's PowerKut can easily produce any of these high-margin favorites with just a quick change of the front plate assembly:

Wavy Fry

Spiral Fry

Ribbon Fry

Chip Twister Fry

Fresh Costs You Less

Put more money to your bottom line with fresh-cut versus frozen:

- Fresh potatoes don't need refrigeration—saving energy and freezer space.
- You save cooking energy because fresh fries faster than frozen and requires far less recovery time for the oil.
- PowerKut uses the entire potato—vitamin-rich skin and all.
- Best of all, every PowerKut item looks like a "double order" for high-value presentation.

Built to Serve . . . for Years

With the popularity of these specialty fried potato menu items, your PowerKut will undoubtedly be among the busiest food prep machines in your kitchen. So, Nemco built it for super durability and ease of use.

- Made of heavy-duty stainless steel and engineered plastics.
- Mounts conveniently on any flat surface (sink-mount units are also available).
- So effortless—just load the potato, apply minimal pressure with both hands and move the carriage forward.
- Extremely easy to disassemble for cleaning.
- Simple design is not over-engineered, providing reliable, long-life operation.
- Heavy-duty electric motor runs on standard 60-cycle, 120-volt power (a 230-volt power unit is available for use with an AC outlet).
- Required two-hand operation keeps operator clear of blade during use.

Holds up to a 60-count potato

Easy disassembly for cleaning

Easy glide bearings require little operator effort

Suggested Uses

Hot, crispy spiral, ribbon, wavy or chip twister fries make a savory, healthful, high-value presentation that customers love. PowerKut affords you the highest profit on every serving, and pays for itself in no time. It's perfect for creating signature-item appetizers, and is a great choice for the bar and lounge too. Plus, blade assemblies are available to quickly and easily cut attractive veggie garnishes (pictured above).
